To the PPRTA Board of Directors and CAC members:

PPRTA Fourth Quarter Progress Report 2019

Please find the following progress summary from November 2019 to date.

Town staff continued coordinating with PPRTA and El Paso County regarding the Belvidere Avenue Improvement Project. In October 2019, Belvidere was patched by Kiewitt, and upon evaluation of the work the Project Engineer with El Paso County recommended we leave the project open and roll it into 2020, because snow coverage made it impossible to evaluate the touch up patchwork. Since, photos have surfaced from the El Paso County Inspector, and as a result the El Paso County Project Engineer recommended closing out the project. Per the request of the Green Mountain Falls Board of Trustees our internal Public Works Manager is conducting an evaluation of the road, and creating a report with any observations and recommendations for either more work or project close out.

The Town continues to work in conjunction with both El Paso County and Kiewitt toward completion of the initial project and successful solutions for our residents.

With respect to the Town's fourth quarter maintenance allocation, road maintenance plans will continue to be laid out and implemented in the 4th Quarter and ongoing as the Town's Public Works Department is full staffed as of December 10th.

Respectfully Submitted,
Angie Sprang, Town Manager
