

To the PPRTA Board of Directors and CAC members:

## PPRTA Third Quarter Progress Report 2017

Greetings,

For the months July, August and September we were busy with the torrential rains maintaining our roads and continued maintenance to our fleet of equipment. We have also purchased fuel and road material. Asphalt patches and pothole repairs were continued throughout the Summer season into Fall. Roads were washed out during the torrential rains with constant repairs needed. The road shoulders were mowed and maintained for the season.

Thank you,

**The Town of Green Mountain Falls**
